HELP SUPPORT OUR POCKET PANTRY

This drive is sponsored by the Dean's Graduate Student Advisory Council, the 12th Can, and Student Assistance Services. Due to COVID-19, the fall drive will focus primarily on monetary and gift card donations.

All monetary proceeds will be used to purchase food and toiletries to stock the Pocket Pantry. All donations, purchased items, and gift cards go directly to those in need of assistance.

WAYS TO DONATE
Cash   Gift Cards
Check (payable to College of Science)
Venmo @TAMUBio Donations
BioGSA Store on TAMU Marketplace
HELP END FOOD INSECURITY

Give what you can!
This is the first drive for a new graduate student initiative to establish a College of Science Pocket Pantry, as part of a university-wide Pocket Pantry program in partnership with the 12th Can and Student Assistance Services. The primary goal of the Science Pocket Pantry is to be accessible, three days a week, to all Science students experiencing food insecurity. The Pocket Pantry will work to help supplement the great support delivered by the 12th Can, as they are often open just two days a month.
